

# Tree Certificate

**Giefly**

**has donated 156 trees  
to the children and youth initiative Plant-for-the-Planet.**

The donated trees help us children of Plant-for-the-Planet to fight for a better climate and a better future.

Thank you!

*Felix*

# Start your own tree collection with the Tree Card now!

Let's plant trees against the climate crisis and help us children to save our future! You don't even need a spade, just your personal Tree Card. For every Tree Card owner, Plant-for-the-Planet will plant at least one tree per month.

By the way: you can add the trees on this tree certificate to your personal tree collection.

**Get your personal Tree Card now:**  
[www.tree-card.org](http://www.tree-card.org)

**STOP TALKING  
START PLANTING**

Of course you can always ask your friends and family to give you a tree as a present for your collection or you yourself can give someone else a tree as a gift:

[www.baumgeschenk.org](http://www.baumgeschenk.org)

## Every tree counts!

Talking won't stop glaciers from melting! Therefore we children and young people of Plant-for-the-Planet are calling on every person to plant 150 trees each by 2020. A tree absorbs on average around 10 kg CO<sub>2</sub> per year.

If everybody joins in, there will be 1,000 billion new trees. There is enough space to plant them without competing with settlement and agricultural areas. With this amount of trees, a quarter of today's human-made CO<sub>2</sub> emissions can be absorbed.
